

Cohort 11 MAICD Booklist, Spring 2019

Project Management Practicum:

Student Membership in Project Management Institute, available here:

<https://www.pmi.org/membership/student>

Student membership in PMI is required for this course. The cost is \$32 annually (price accurate as of November 18, 2018) for those enrolled full-time. To prove full-time enrollment, you will be asked to upload either a letter from the registrar's office confirming current full-time enrollment in a degree-granting program, or a class schedule confirming current full-time enrollment in a degree-granting program. The easiest way will be to download your class schedule from within Self-Service. For students with unique plans: please consider the timing of your registration. If you are not a full-time student this semester but will be next semester [or vice versa], you may want to apply now or wait until after registration in order to provide the right schedule. If you do experience any problems with this method, please let your program coordinator know.

Membership includes free online access to the *PMBOK Guide* and other articles which will be required reading in this course. Should you wish to have a hard copy, you may purchase one on the PMI website, or rent or buy a copy through Amazon or another seller: *A Guide to the Project Management Body of Knowledge: (PMBOK Guide)*. Sixth Edition. Project Management Institute, 2017. ISBN-10: 9781628251845; ISBN-13: 978-1628251845.
