What if I’m not happy with my assignment?

Returning residents can be enter Room Change Lotteries that are held mid-summer. New and incoming students can always email housing@northwestu.edu to ask for a change. Inquiries and requests submitted before August 1 will be given priority. However, changes are not guaranteed. We do encourage students to trust the placement system and try out their placement for the first semester. If it doesn’t work out we can help you get a new placement for second semester.
