

Lost/Found

Lost and found: If you misplace or lose something on campus, first retrace your steps and attempt to locate your property. If you cannot locate it please advise staff where you believe you left it. You should also call or go into the security office and advise them, providing a detailed description and contact information. If you find property you believe has been lost or misplaced, ensure the owner is not nearby. If it appears that the property has been lost or misplaced please bring the property to the security office for safekeeping.

Security officers will make every attempt to determine the owner of found property and let them know their property is at the security office. It is the owner's responsibility to come to the security office with identification to pick up their property. The security office will only hold found property for 60 days, at which time the property will be either destroyed or repurposed through Student Development.
