What is MyHousing?

MyHousing is Northwest University's housing tool for online applications, roommate and room selection, and placement information. Students may log on anytime to review their specific housing information.

How do I apply for housing?

1. Register for classes.
2. Log onto Eagle by going to <http://eagle.northwestu.edu/my-housing/> (use your NU email and password)
3. Find the dropdown menu that says "Applications."
4. Complete the application that relates to you.
5. **NEW** students will need to pay a \$150 non-refundable housing placement fee, which is required to secure an on campus housing placement. Returning students should already have a fee on file. This ONE-time fee will follow students even if they change housing locations on campus. It will be kept on file until a student moves out of campus housing. This fee is refundable only to new incoming students who apply for housing, pay the fee, but withdraw before being assigned a room. Once a student has been assigned a room, the fee is non-refundable even if they do not end up attending Northwest University.

What if I cannot pay the housing placement fee?

Your housing application will not be complete until the placement fee is paid in full. You will therefore not receive a housing placement until the application is complete and the fee is paid.

Where do students live?

New incoming freshman live in Guy, Perks or Crowder (GPC). Returning upperclassmen students and some transfer students live in Gray/Beatty. Other returning upperclassmen students live in our Student Apartments. The Student Apartments have four and six-person occupancy. We are not able to place incoming students in the Student Apartments for their first semester, as the apartments are filled in the spring semester for the following fall with returning students.

When will I receive my room and roommate assignment?

Housing assignments will be sent to your NU email address. To receive a campus housing assignment, you must have a housing application, \$150 housing fee on file, and be registered for classes. If you are not registered for classes, you will not receive a housing placement. Beginning in June, students will be notified of their housing placement the first week of every month. Students can always log onto MyHousing and view their profile and assignment.

What if I'm not happy with my assignment?

In efforts to establish floor/building community and provide a smooth transition into the academic year, room or roommate changes are not permitted during the first six weeks of the academic semester. Room and roommate assignments are typically for the duration of the academic year. Room or roommate changes may be approved on a case-by-case basis (but only after the first six weeks of each semester), depending on circumstances, available space, and other factors.

*If you need to request a room or roommate change before moving to campus in August, the housing office will work to grant those requests; changes are not guaranteed. However, after August 1st, we are unable to make those accommodations.

Can I choose a roommate or a residence hall floor?

Yes. When filling out the on-campus housing application, please indicate your preference when asked. If you have a roommate request, make sure your requested roommate also lists you as a requested roommate on his or her application as well.

What items should I bring?

See our **To Bring or Not to Bring** list [here](#).

Can I decorate my room/apartment?

Yes. You may decorate your room and/or apartment. You are not allowed to paint or use nails, bolts, screws, and many adhesives. We recommend adhesives that are removable, such as poster putty. Some students bring curtains (on tension rods), lights, and pictures. Visit the Living Area Manual for more details. The Living Area Manual is linked under “Resident Resources” [here](#).

Do I have to eat in the Caf and what does the meal plan include?

Yes, all students in the residence halls have an automatic meal plan attached to their housing charges (it is built into the room and board charge). You are required to have this and cannot opt out of the meal plan. The plan includes unlimited access to the Caf within its hours of operation, as well as \$100 on your student ID card each semester for use in the Aerie Coffee Shop. The meal plan is convenient for students and the Caf provides an atmosphere for community. There is no meal plan included for those living in the student apartments, but student apartment residents do have \$100 per semester on their ID cards for use in the Caf or Aerie.

I have a food allergy, what should I do?

Please contact the Director of Food Services (caf@northwestu.edu) to discuss your dietary or allergy food needs; they are willing and happy to assist with requests as able. Visit the Caf website for more information at <http://eagle.northwestu.edu/departments/caf/>.

Is there parking?

Yes. We have parking near the residence halls and a parking lot for those living in the student apartments. There is additional parking around campus. Students with vehicles on campus need to purchase parking passes through Security each academic year by visiting this page: <https://eagle.northwestu.edu/departments/security/parking/>
